

The Royal Park School Building

The Latest!

WE STILL NEED TO RAISE A MINIMUM
OF £750,000 BY SEPT.

Leeds City Council offered us the chance to purchase a lease for Royal Park School if we could raise £750,000 in six months. We have already got an offer of over £800,000 from CommunityBuilders but that is on a new condition that we raise a further £1,800,000 before it is released. That is our new target! It is needed to get the building for the local people of Hyde Park. A community centre for everyone!

The option to raise £750,000 by September so that we can buy the lease from the City council (£250,0000 a one off amount) and move to complete the first phase of the project still stands though and is our second string.
